Washington, DC 20231

This paper is supplementary to Applicant's response of 20 September 2001, to the Notice to File Missing Parts (Notice) dated 20 July 2001. In association with this Supplemental Response, a one-month extension of time is requested.

The enclosed paper copy of the Sequence Listing in this application (09/866,570) is identical to the computer-readable copy of the Sequence Listing filed in parent application 09/457,046, filed on 7 December 1999, which issued as U.S. Pat. In accordance with 37 C.F.R. 1.821(e), please use the last-filed computer-readable form filed in the 09/457,046 application as the computer-readable form of the Sequence listing for the instant application (appl. no. 09/866,570). It is understood that the Patent and Trademark Office will make the necessary change in application number and filing date on that computer-readable form to indicate the instant application.
